Delivery Destination

Ship your trade-in item(s) only to the address printed on the shipping label. Please do not ship your item(s) to any other address. If you do, you will not receive an Amazon.co.uk Gift Card, and we cannot guarantee that we will be able to return your item(s) to you.

Packaging Guidelines

Please make sure that you properly pack the items you are sending to help prevent loss or damage in transit. Guidelines on packing your items are given below. Heavy or fragile items should be packed carefully.

Instructions for Sending Your Trade-In Items

Amazon does not permit trade-in of any damaged or defective lithium battery products (batteries or battery powered equipment). Please contact [Customer service](#) for further information. Here is how to dispatch your trade-in:

1. Item(s) must be packaged in original manufacture package if available. If original package is unavailable, securely pack your item along with packing slip in rigid packaging i.e. a cardboard box with adequate cushioning to prevent damage to the item in transit. Please refer to the additional packaging guidelines at the following websites: [UPS packaging](#)
2. Print the delivery label, packing slip and the lithium battery mark (if any). The lithium battery mark must be printed in colour.
3. Cut out the delivery label, packing slip and the lithium battery mark. Include the packing slip in your delivery package. Place the delivery label in the UPS delivery pouch. If you do not have a pouch, affix the label to your package using clear plastic delivery

tape over the entire label. Do not cover any seams or closures on the package.

4. Affix the lithium battery mark to the top or one of the sides of the box. The lithium battery mark cannot be affixed to the bottom of the box. The lithium battery mark must be fully visible and must not be obscured by, or cover, any other label.
5. Take this package to a UPS location and send it by 14-Oct-2024. To find your closest UPS location, visit the [UPS drop off locator](#) or go to www.ups.com and select 'Drop off'.

FAILURE TO ADHERE TO THESE REQUIREMENTS MAY RESULT IN A REJECTED DELIVERY AND UNSUCCESSFUL trade-in
